Works in English on Free Expression and Copyright in Canada

In the 1960s, Manitoba became the first province to fully adopt classification and abandon copyright. Most Canadian provinces still have ratings boards that have the power to order cuts to movies and may even ban the showing of films if they violate Canada's Criminal Code sanctions against depicting sexualized violence and sex acts involving people under the age of 18.

Copyright in Canada - Wikipedia

Copyright is typically considered to be the removal or blocking of information, speech or expression. It also includes "self-copyright," where individuals or organizations limit what they say for fear of repercussions.

Copyright - Canadian Journalists for Free Expression (CJFE)

The Canadian military's management and copyright of the news media in Afghanistan is the proverbial elephant in the room that few Canadians talk about, but should. No where is the military's news management more apparent than in an article in the Summer Edition of

Canadian military copyright hiding in plain sight

Copyright has existed, does exist, and undoubtedly will continue to exist in Canada. The politics of copyright - the political framework in which copyright and its objects are defined and within which copyright operates - have, however, changed dramatically over the years, and with these changes, copyright itself has changed.
