Parenting a Child Who Has Experienced Abuse or Neglect

Parenting or child rearing is the process of promoting and supporting the physical, emotional, social, and intellectual development of a child from infancy to adulthood. Parenting refers to the intricacies of raising a child and not exclusively to the biological relationship. The most common caretaker in parenting is the biological parent(s) of the child in question, although others may be an ...

As a parent you give your children a good start in life—you nurture, protect and guide them. Parenting is a process that prepares your child for independence. As your child grows and develops, there are many things you can do to help your child. These links will help you learn more about your ...

Positive Parenting Tips | Child Development | NCBDDD | CDC

A child's temperament and parents' cultural patterns have an influence on the kind of parenting style a child may receive. The degree to which a child's education is part of parenting is a further matter of debate.. Early research in parenting and child development found that parents who provide their children with proper nurture, independence and firm control, have children who appear to have ...
