Piano pedagogy is the study of the teaching of piano playing. Whereas the professional field of music education pertains to the teaching of music in school classrooms or group settings, piano pedagogy focuses on the teaching of musical skills to individual piano students. This is often done via private or semiprivate instructions, commonly referred to as piano lessons.

The Suzuki method is an internationally known music curriculum and teaching philosophy dating from the mid-20th century, created by Japanese violinist and pedagogue Shinichi Suzuki (1898â€”1998). The method aims to create an environment for learning music which parallels the linguistic environment of acquiring a native language. Suzuki believed that this environment would also help to foster ...
