Practice Makes Perfect Statistics is designed as a tool for review and practice in statistics for the beginner or intermediate learner of statistics. It is not intended to introduce concepts, but rather it is meant to reinforce what already has been pre-sented to readers. The topics offered are those that a competent user of statistics needs to know.

It is practice that drives this process. This is a simplified view of a complex topic that is beginning to attract even more attention, but my point is that few would deny that practice is a key part in learning a language. There have, of course, been disagreements over what constitutes good practice.
