Education in the United States is provided by public, private and home schools.. State governments set overall educational standards, often mandate standardized tests for Kâ€“12 public school systems and supervise, usually through a board of regents, state colleges, and universities. Funding comes from the state, local, and federal government. Private schools are generally free to determine ...

Education in the United States - Wikipedia

Mathematics Standards Download the standards Print this page For more than a decade, research studies of mathematics education in high-performing countries have concluded that mathematics education in the United States must become substantially more focused and coherent in order to improve mathematics achievement in this country.
