Integrated Science P5 Sample questions ~ Examination

Primary education and elementary education is typically the first stage of formal education, coming after preschool and before secondary education (The first two grades of primary school, Grades 1 and 2, are also part of early childhood education). Primary education usually takes place in a primary school or elementary school. In some countries, primary education is followed by middle school, an ...

Fig. 1. Aid for education and primary enrolment rates, by region. Notes: the vertical axes to the left show

enrolment rates while the ones to the right measure aid disbursements. Some caution is required when interpreting these graphs: (1) the measurement of NER is based on regional averages and (due to some missing values) the countries included in this average calculation are not always the same.

Making aid work for education in developing countries: An

1. CLIL and Japanese primary EFL education. CLIL originated in Europe in the 1990s. It aimed to help students develop increased proficiency in one or more languages in addition to their first language.

Table 1 shows the frequency of the usual mode of travel variable for Sheffield pupils aged 11–16. This variable was recoded into a dichotomous variable representing 'active' (walking or cycling) versus 'motorised' (bus, car, taxi, tram, train) modes of commuting to school for the purposes of analysis.
