

reversing language shift pdf

Language shift, also known as language transfer or language replacement or language assimilation, is the process whereby a community of speakers of a language shifts to speaking a completely different language, usually over an extended period of time. Often, languages that are perceived to be higher status stabilise or spread at the expense of other languages that are perceived by their own ...

Language shift - Wikipedia

What is language loss? Erin Haynes, University of California, Berkeley . An issue of major importance to heritage language communities is language loss.

What is language loss? - Center for Applied Linguistics

Language revitalization is an attempt to slow or reverse language death. Revitalization programs are ongoing in many languages, and have had varying degrees of success.
