Environment & Sustainability - Routledge

The Routledge Handbook of International Human Rights Law provides the definitive global survey of the discipline of international human rights law. Each chapter is written by a leading expert and provides a contemporary overview of a significant area within the field. As well as covering topics integral to the theory and practice of international human rights law the volume offers a broader ...

A Handbook for Teaching and Learning in Higher Education A Handbook for Teaching and Learning in Higher Education is sensitive to the competing demands of teaching, research and scholarship, and academic management.

A Handbook for Teaching and Learning - UCV

International security, also called global security, refers to the amalgamation of measures taken by states and international organizations, such as the United Nations, European Union, and others, to ensure mutual survival and safety. These measures include military action and diplomatic agreements such as treaties and conventions. International and national security are invariably linked.

Declarations. Two major declarations on international environmental law are: The Declaration of the United Nations Conference on the Human Environment (the 1972 Stockholm Declaration) (UN Doc. A/CONF/48/14/REV.1 (1972). This declaration represented a first major attempt at considering the global human impact on the environment, and an international attempt to address the challenge of preserving ...
