Call for Papers 2018 European Intelligence and Security Informatics Conference (EISIC 2018) The Premier European Conference on Counterterrorism and Criminology

eisic 2018: Call for Papers

Information security, sometimes shortened to InfoSec, is the practice of preventing unauthorized access, use, disclosure, disruption, modification, inspection, recording or destruction of information. The information or data may take any form, e.g. electronic or physical. Information security's primary focus is the balanced protection of the confidentiality, integrity and availability of data ...

Information security - Wikipedia

Information technology law (also called "cyberlaw") concerns the law of information technology, including computing and the internet. It is related to legal informatics, and governs the digital dissemination of both (digitalized) information and software, information security and electronic commerce. aspects and it has been described as "paper laws" for a "paperless environment".
