overview of the people capability maturity model

he People Capability Maturity Model® (People CMM®) is a road map for implementing work-force practices that continually improve the capability of an organization's work force. The People CMM1 is a process-based model that assumes work-force practices are organiza-tional processes that can be continuously improved through the same methods used

Experiences Applying the People Capability Maturity Model

The People Capability Maturity Model® (People CMM®) is a roadmap for implementing workforce practices that continuously improve the capability of an organization's work force. Since an organization cannot implement all of the best workforce practices in an afternoon, the People CMM introduces them in stages.
