HISTORY UNITED STATES

Economic democracy is a socioeconomic philosophy that proposes to shift decision-making power from corporate managers and corporate shareholders to a larger group of public stakeholders that includes workers, customers, suppliers, neighbours and the broader public. No single definition or approach encompasses economic democracy, but most proponents claim that modern property relations ...

The Madisonian model is a structure of government in which the powers of the government are separated into three branches: executive, legislative, and judicial. This came about because the delegates saw the need to structure the government in such a way to prevent the imposition of tyranny by either majority or minority.
