The belief that globalization enhances peace, a central tenet of liberal theory, enjoys substantial support in recent scholarship on trade and conflict. To conclude that liberalism is right, however, is premature and

wrong. Liberal theory is not sufficiently grounded in international trade theory to show how globalization generates constraints on military force, nor does it adequately link ...

The tragedy of offensive realism: Classical realism and the rise of China Jonathan Kirshner Cornell University, USA Abstract What is the realist position on how to deal with the rise of China? One prominent realist approach, associated with John Mearsheimer, calls for the US to do whatever it can to slow China's rise.

Tragedy, Moral Conflict and Liberalism The central question of this chapter is how modern liberal political theory can understand and make sense of value pluralism and the conflicts upon which it is premised. It is a commonplace that liberalism was born out of conflict, and has been partly characterized ever
