Universal health care in most countries has been achieved by a mixed model of funding. General taxation revenue is the primary source of funding, but in many countries it is supplemented by specific levies (which may be charged to the individual and/or an employer) or with the option of private payments (by direct or optional insurance) for services beyond those covered by the public system.

Universal Japanese Motorcycle (UJM) is a US motorcycling media term for a style of Japanese standard motorcycle that revolutionized the industry and made motorcycling in America more accessible during the 1970s and 1980s. A general purpose bike, by around 1990 its popularity began to wane as the market fragmented into more specialized designs.
