Okay, for the record, and this is probably obvious, those three departments do actually do things of value, assuming that you find Pell grants, mortgage insurance, low-income housing programs, the National Weather Service, the Patent and Trademark Office, and the Census Bureau to be of some value. And if it comes as news to you that that's what those departments do, well then, hi Gary, I'm ...

A First Course in Linear Algebra is an introductory textbook designed for university sophomores and juniors. Typically such a student will have taken calculus, but this is not a prerequisite. The book begins with systems of linear equations, then covers matrix algebra, before taking up finite-dimensional vector spaces in full generality.
